

The Healing Power of Music

Wednesday

Sept 16, 2020

3:00 PM - 4:00 PM

This Facebook Live Program is presented in cooperation with the Friends of CenterLight Foundation and the Institute for Music and Neurologic Function.

Learn about ways that caregivers can use music to benefit their loved ones and themselves.

ABOUT THE PRESENTER:

Dr. Concetta M. Tomaino is internationally known for her research in the clinical applications of music and neurologic rehabilitation. Her research is focused on finding the most effective music-brain treatments that can potentially benefit those living with the effects of dementia, Alzheimer's and Parkinson's diseases, stroke or trauma. A past president of the American Association for Music Therapy, Dr. Tomaino is a recipient of the Award of Accomplishment from Music Therapists for Peace at the United Nations.
